Travel Wallet

Application Form

The Wallet will let public transport bus drivers know that you may need help on your journey.

It has plastic pockets inside that you can put words, pictures and cards in to show where you want to travel to or the help you may need.

You could have one of these if;

- You use buses either on your own or with support
- You will be working towards using buses on your own
- And have a learning, physical or sensory disability.

If you would like a wallet, please fill out this form and send to;
